

Ramadan

...heightened terror attack season...

by Kat Rowoldt

Ramadan - is the ninth month of the Islamic calendar, and is observed by Muslims worldwide as a month of fasting to commemorate the first revelation of the Quran to Muhammad according to Islamic belief. This annual observance is regarded as one of the Five Pillars of Islam. The month lasts 29-30 days based on the visual sightings of the crescent moon, according to numerous biographical accounts compiled in the hadiths.
per Wikipedia

Ramadan has commenced and so has the terror attacks. May 27th marked the beginning of Ramadan for 2017. June 3rd, one week into it, London suffers multiple attacks. It's the holiest time of the year for Muslims, so planning terror attacks against the infidels is the right thing to do. Yes! It's the best time for eliminating the non-Muslims.

Last summer on June 11th, I believe was the date, America was hit in Florida, as a Muslim attacked a gay nightclub in a gruesome massacre. Ramadan again. There are still several weeks left in Ramadan, so we are not in the clear.

Americans are hesitant in believing the truth about Islam because it is so far from our way of thinking, living, culture, etc. But it is their way of thinking, living, culture, etc. The more we ignore the truth, the more inundated our country will become with people who support Islam, which is supporting Sharia law and lifestyle. The more our evening news will be filled with reports of human slaughter, beheadings, suicidal bombers, etc. Our peaceful society will become a fond and faint memory.

John Guandolo, Understanding The Threat, has another excellent, yet brief, article that's worth the read. It has a huge truth to share.

Al Qaeda & ISIS are Correct About Islam

by John Guandolo

When the Caliph of the Islamic caliphate, Abu Bakr al-Baghdadi, says Islam requires all muslims to participate in jihad until sharia is the law of the land, he is correct.

Al Qaeda's co-founder and former emir Osama bin Laden said: "It is a duty for the Umma with all its categories, men, women and youths, to give away themselves, their money, experiences and all types of material support...Jihad today is an imperative for every Muslim. The Umma will commit sin if it does not provide adequate material support for jihad."

Bin Laden was correct with regards to sharia and the requirements of Islam.

All authoritative sharia (Islamic law) mandates jihad (warfare against non-Muslims) until the world is under Islamic rule (sharia). There is no "other version" of Islam.

Al Qaeda, ISIS, the Muslim Brotherhood, and all jihadi organizations go to great lengths to ensure the muslim and non-muslim world understand what they are doing and why. They produce videos and publish magazines to detail their legal reasoning under sharia for their actions.

One simple example from Al [Qaeda's "Inspire" magazine](#) reveals Al Qaeda is very concerned about following the commands of Islam's god Allah and their prophet Mohammad.

In the Fall 2016 edition Inspire magazine, Al Qaeda's emir, Sheikh Ayman al Zawahiri, states: "These blessed (9/11/01) raids came to tell to the materialistic, secular West - the West of temptation, pleasure and benefit - to pay attention and wake up and realize who it is fighting, or rather, doing jihad against you. It is the Muslim Ummah, the Ummah of Tawhid (oneness of god)...the Ummah of Jihad and martyrdom...the Ummah of chastity and morality...the Ummah of the amazing Qur'an..."

UTT has not found anywhere in Al Qaeda or ISIS's writings where their understanding of the requirements of sharia as it relates to jihad (warfare) against the West is incorrect.

And therein lies the problem.

Leaders of the West respond to attacks in Manchester, Nice, Boston, Philadelphia, Fort Lauderdale and elsewhere by immediately telling us the actions of the muslims involved have "nothing to do with Islam."

Actually, the attacks by muslims against non-muslims have everything to do with Islam. Allah commands warfare against non-muslims in the Koran. Mohammad - Islam's "perfect example" for muslims to follow - said he was commanded to fight the unbelievers. Mohammad fought the unbelievers. Mohammad beheaded Jews at the Battle of the Trench. Mohammad tortured. Mohammad condoned the killing of people who mocked him.

No gray area. Not very complicated.

..... end.

This past week I attended a Cyber Security Conference with national level presenters from military to global companies. This is a whole other area of concern where we are vulnerable. I will have a report and the videos from the day-long event for you next week. If you work online, use the internet, then you need to know this information. If you're reading this, your online!

Until next time...
