

False Flag Operation...

...Ordered to Kill...

A little over a month ago, I was asked to emcee an upcoming fundraiser in Midland, Texas for the Nehemiah School of Government. I was honored to be asked to be a part of this event, never dreaming that it would be enveloped in the midst of an international operation with one of the guest speakers becoming the target of not only protestors, but being placed on an actual kill list, along with three others. Who would have ever dreamed a little oil town in west Texas would be on the radar of the Chinese Communist Party (CCP)? Our country has truly been infiltrated with trojan horses while we were all busy enjoying life and not paying attention. It's way past time to wake up!

This was all new to me. While I have had a good bit of training in some areas, you just never dream you'd actually begin to experience some of the things you had been taught. Your brain begins scrambling to recall things you might not have been retaining like you should have in class. It feels surreal.

On Saturday, September 26th, while listening to *The Return* driving back home from working on the road, I received an emergency text requesting immediate prayer for Pastor Bob Fu's family. Pastor Bob Fu was in Washington D.C.

about to take the stage as one of the honored guest speakers at Jonathan Cahn's *The Return*, while his family remained at home in Midland. A small group of CCP protestors had shown up at his home to protest, frightening his family who were inside. I relayed the prayer request immediately. Here is the link to his part of *The Return*: https://www.youtube.com/watch?v=ZA-yL_nMwwM&t=13s

By the time I arrived home, the situation had not resolved. I was informed that the Mayor of Midland had shown up, joining my contact, Eliel Rosa, in standing between the protestors and the home. The Midland police also were on the scene. The protestors consisted of a couple of men and several women holding signs and chanting in Chinese. The standoff lasted for hours. I was informed they were planning on moving the family to a safe location.

Bob Fu remained in D.C. for a couple of days to take this matter to the authorities to seek their assistance and report what was happening. I understand it went all the way up to the top of the FBI because of who all was involved in this matter. Pastor Fu posted information for his friends and followers so they would understand who was behind this and what is going on, who the players are, and what their objectives are. The man behind these operations is Wengui Guo (aka Miles Guo, Miles Kwok and Haoyun Guo).

The following Saturday I was scheduled to interview Pastor Bob Fu, along with emceeding the fundraiser. This was all planned way before all these new developments had arisen. I wasn't sure everything was going to still be happening with this sudden disruption which had occurred. Mid-week I was assured that everything was still going forth as planned. I confirmed my plans and began preparing for the event.

I was delighted to have time to interview both of the guests prior to the event. Pastor Getaneh Getaneh from Ethiopia and Pastor Bob Fu both fled their homelands because of persecution, imprisonment and torture. Their interviews and the evening event are on the ChristianReporterNews.com website. All I can say, we have no clue what the rest of the world is dealing with while we are vacationing at our leisure, playing golf, complaining about soccer schedules, and going to bed with a full stomach on a mattress with covers.

The event was held at the Nehemiah School of Government headquarters in Midland, Texas. It was a great turnout of like-minded Christian Patriots. We videoed the event for those who could not attend. Eliel Rosa, and his wife Jaci, hosted the event.

It is almost a brain-twister to consider the irony of the topic of the evening (the persecution they fled from), the purpose of the school (why knowing our founding fathers and documents is so critical today), and what was actually happening around us (plans being carried out) in preparation without our knowledge. While we were enjoying a very informative evening, the CCP was

bussing into Midland two busloads of CCP actors. We were informed they were being paid \$500/day (with an option of \$1000 if they really did a great job).

In the photo to the left are Pastor Bob Fu of China Aid, Eliel Rosa of Nehemiah School of Government, me, Kat Rowoldt of ChristianReporterNews.com, and Pastor Getaneh of Watch and Pray International Ministries. I was so honored to stand with these three men, including Eliel, who had all fled from their lands of origin. Amazing stories!

This past Monday morning began with another emergency text requesting immediate prayer for Bob Fu and his family once again. My Monday schedule ended up going out the window as the events of the day began to unfold. I continued to receive texts about what was happening. Video feeds were being shot and sent to me. Information was sketchy at best, at first, but soon began to make a bit more sense as to what was happening.

Eliel was called immediately to the home when the busloads first arrived. Joining him this time were Pastor Getaneh and several of the Patriots from Saturday night's event. There were about 10 Patriots who took a stand in Fu's front yard facing about 50 CCP actors (as they were referred to) at a time. Interestingly, they would rotate the protestors ever so often with a fresh group of protestors relieving each one for a break. So well organized and planned. Oh, and funded too!

The notes I was jotting down as the information came into me is as follows.

- The police cannot ask for ID
- Busses are parked at the end of the street - the windows are blacked out - nice busses.
- The protestors are holding American flags, "Holy" Bibles, and singing Amazing Grace
- The Patriots were told to photo them, all of them, "even their shoes"
- They brought their own media
- Why can't they disburse the group?

In visiting with my contact at the scene, we both thought it was rather odd how they were dressed and acting since they are CCP. My thought was it some sort of reverse intimidation. They even turned their backs to the Fu house when Eliel began playing Christian music on his guitar and singing.

Later, while visiting with a fellow UTT student who is former military, he knew exactly what was going on. It is called a False Flag Operation. That was the purpose of the way they were dressed, what they were carrying, and the song they were singing. They were to give a confusing message - acting like they were Christian Patriots trying to "out" a Chinese spy. The exact opposite of what was really happening.

I asked him if he knew why the comment about photographing the shoes. Yes, he did. While they may go back to the bus and change clothes and hats and things to give the appearance of being a larger group of people than they really are, they usually do not change their shoes. Capturing their shoes in pictures helps to actually get an accurate count on the number of protestors there.

At 3pm Monday afternoon, Mayor Patrick Payton of Midland held a press conference to inform the public about what was happening and what was being done. He was brief and to the point. He let them know that Fu and his family have received death threats. Some of the lies being shared over media is that Fu is a Chinese spy for the Communist Party, which is completely opposite from the truth. He is actually wanted by the Communist Party. Mayor Payton confirmed that the FBI is involved in this case. Additionally, he also let the media know that he has been concerned about his own life and his family. The CCP are a very vicious and violent group. To hear his complete press conference: <https://www.facebook.com/newswest9/videos/1601692633349077>

Pastor Bob Fu, who founded China Aid, works to help other persecuted citizens around the world. Fu was one of the organizers of the resistance in China when

the famed Tiananmen Square massacre happened decades ago. He has an amazing story of survival and a heart for God.

I thought I would share with you a powerful firsthand account of one of the Patriots who stood up to the CCP protestors. Jenny Cudd, a Midlander, attended the event Saturday night. She gave an excellent account of the day on Monday: <https://www.facebook.com/jenny.hanincudd/videos/10158787566641055>
You need to hear what she has to say. She's 36 years old and she gets it.

Once again, the protestors returned on Tuesday. Here is her video confronting the protestors.

Bob Fu and his family have been relocated to an undisclosed location. No one has any idea when they will be able to return to their beloved Midland. They are already missed by so many. I, for one, look forward to my next visit with Dr. Bob Fu. He promised me a tour of his China Aid office and a personally signed copy of his book, *God's Double Agent, The True Story of a Chinese Christian's Fight for Freedom*. Please keep Bob and his family in your prayers.

Until next time...
