

Muslim Brotherhood "Status" Still Undecided by Trump Administration: United Citizens' Petition Calls for Proper Designation

A debate on whether or not the Muslim Brotherhood should be designated as a terror organization continues to brew on both sides of the aisle within the Trump Administration.

Meanwhile, a nationwide United Citizens' Petition is calling on the 115th Congress to consider undisputable facts and reasons presented on why the Muslim Brotherhood is a clear and present danger to America's national security and should be designated as both a foreign and domestic terror organization.

The State Department presently maintains that, "The Muslim Brotherhood is not a Foreign Terrorist Organization," according to a June 5, 2017 Fox News article by Christopher Wallace. However, throughout the Obama Administration, several legislators and national security advisors expressed deep concern about the Muslim Brotherhood and its ties to terror groups.

From the Fox news article (since reposted at *The Counter Jihad Report*, <https://counterjihadreport.com/2017/06/10/as-gulf-states-cut-ties-with-qatar-trump-team-debates-muslim-brotherhood-terror-designation/>) "Former Defense Secretary Robert Gates, who served six presidents, including President Obama, recently told Fox News that the terrorist group Hamas is a direct offshoot of the Muslim Brotherhood. . . . 'The Muslim Brotherhood is generally regarded as the ideological forerunner of both al-Qaeda and ISIS,' Gates said."

The Muslim Brotherhood is a worldwide Islamist organization founded in Egypt in 1928 by Hassan al-Banna; its written goal is to implement a totalitarian form of governance on a global scale by undermining the law of the land and disrupting/destabilizing hosting countries' cultures (covert jihad) through "civilization jihad" and acts of terror (overt jihad) in order to reach that goal.

Frank J. Gaffney, Jr., Founder, President and CEO of the Center for Security Policy, stated within the article, "'There is now a real danger that President Donald Trump, who came to office promising a very different approach to the whole phenomenon of what he called radical Islamic terrorism at the time, and is now calling Islamist extremism, is being subjected to some of the same seduction that the Brothers were able to engage in during past presidents' time in office'" Gaffney goes even further, 'I think what we're dealing with is not terrorism anymore. What the Brits are facing is an actual Islamic insurgency.'

The United Citizens' Petition urges Congress to pass present legislation S.68 and H.R. 377 introduced in January 2017, the Muslim Brotherhood Designation Act of 2017.

The Petition cites a directive contained within an internal Muslim Brotherhood document titled, "Explanatory Memorandum on the General Strategic Goal for the Group in North America." The document, presented during the 2008 Holy Land Foundation trial, states in part:

“The process of [Muslim] settlement is a ‘Civilization-Jihadist Process’ with all the word means. The Ikhwan [Arabic for Brotherhood] must understand that their work in America is a kind of grand jihad in eliminating and destroying Western civilization from within and sabotaging its miserable house by their hands and the hands of the believers so that it is eliminated and God’s [Allah’s] religion is made victorious over all other religions.”

The United Citizens' Petition is a non-partisan independent effort and is neither associated with nor represented by any specific group or organization. The petitioner urges all concerned citizens throughout the United States to unite on this national security issue and urge Congress to approve S.68, H.R. 377: the Muslim Brotherhood Designation Act of 2017.

RE: Comments

Here are several of the comments from the Petition site. Interesting that some are from UK, Canada and Australia.

This comment as well. "Petition your gov't about the MB" might even go global for others to do. :)

Donna G.: San Antonio, TX

It is great that the TRUTH IS COMING OUT!~

Vanessa H.: Huntington Beach, CA

I'm signing this petition because it is time for Congress to get serious about resolving this Islam threat by creating laws that empower our President & governing agencies in defeating this unacceptable attack on our country, citizens, and way of life. Start today!

Patrick N.: Coulsdon, United Kingdom

I feel I had to sign this as I have watched my country be turned into a place I don't recognise any more

Stuart W.: Smithton, Australia

You think Wahhabism is responsible for terrorism. I know it's Islam.

Lynda R.: Troy, MI

I'm doing what I can to keep our country from becoming another England. If we keep going the way we are, extremists will take over the U. S. also. We have to call them what they are. Terrorists!

Gary G.: Riverside, CA

Sharia law and the koran have no standing with American Constitution

Marilyn Z.: Berwyn, IL

Muslim Brotherhood's only desire is to take control of the US. They do not wish to follow American values, laws, etc.

Debbie P.: Highlands Ranch, CO

I'm signing this because sharia law has no place in the United States!! It's barbaric & I don't want my grandkids to grow up with it.

Sandra H.: Meridian, ID

This organization is known by our FBI, CIA, and NSA to be a terrorist organizations. Many have infiltrated our government. We must remove them, and denote this organization as terrorist now, any members from government positions immediately.

Marie Aubry.: Powell River, Canada

I have come to realise that this organisation is a terrorist one indeed! We, in Canada also have this problem but the PM protects them here! A real shame!

Elliot F.: Jacksonville, FL

The Muslim Brotherhood is the most dangerous organization that is not properly recognized as such by the West.

William G.: Brookline, MA

I know the methods and goals of Muslim Brotherhood personally from experiences in the Middle East. They are neither benevolent nor about human rights. They are outlawed by many Arab Muslim nations, for good reason.

Gale Hanson.: Omaha, NE

Follow the money! The Muslim Brotherhood has managed to bribe its way into the Brookings Institute and other organizations. They have a jihad plan to change our government from within and they must be stopped!

Douglas L.: Delray Beach, FL

WHY SIGN THIS? America is in grave danger and this organization is a threat to our very existence as a Republic. It is ridiculous that this organization has not already been listed as a terrorist supporting nation as the evidence that it is, is overwhelming - FYI I have a doctorate in Islamic studies and have lived in the Middle East for over 35 years.

Judy R.: Auburn, CA

The Muslim Brotherhood CAIR have infiltrated our government to the highest levels supported by the Obama Presidency and Hillary Clinton. They worked to install the Brotherhood after

colliding with Soros to overturn governments by war and revolution and installing the Brotherhood as the new government. They are a black scourge in the highest places and need to be rooted out like the spies they are. Please give them the terrorist designation so we can dismantle their hold on us one by one. Thank you

Islam isn't compatible with the US Constitution and it causes Muslims to choose between faith and assimilation into our society . Most choose their faith which is in conflict. We are a country of immigrants, but immigrants who came here to assimilate into becoming an American, not to change America!

Ardyne Womack.: [Juneau, AK](#)

Because I am afraid that the liberals in this country will demand and allow more Muslims into this country w/o prior vetting and eventually allow sharia law to come here.

William Strinden.: [Lufkin, TX](#)

I do not believe that organized Islamic entities such as the Muslim Brotherhood, Taliban, ISIS, and others that advocate strict adherence to the Koran can be live in peaceful coexistence with other religions. Their teaching advocates lying to and murdering Jews and Christians if they cannot be converted at swordpoint or taxed heavily. Islam is incompatible with our constitution and our rule of law.

Christine J.: [Sacramento, CA](#)

I have worked with muslims. They ALL believe in anihilation of infidels. We MUST fight, deport them all. MB owns vertually ALL mosques in America, teaching jahad against all Americans not muslim. We must protect our children, families, neighbors, communities, states, our proud nation.

Lisa C.: [Dallas, TX](#)

Because the Muslim brotherhood IS a terrorist organization. It is past time to be considerate and politically correct and high time to start putting America first.

Phyllis C.: [Greybull, WY](#)

This organization is deemed a terrorist organization from many other countries. America needs to protect our Natioal Security by naming this organization and blocking the funding from them
