

# War Rages At The Alamo

*...who knew there was a  
battle yet to be fought...*

*by Kat Rowoldt*

We were raised being reminded to “Remember The Alamo.” Who would have ever dreamed a new war would be raging at The Alamo, but it is. This hallowed ground is in danger of being dismantled and relocated to create a more “tourist friendly” venue for our State. WHAT!!!!

At the center of this battle is Land Commissioner George P. Bush. His non-Texan roots are truly showing, and the battle is on. The fight has been going for several months, since the announcement that Bush is working to put our Alamo into the hands of UNESCO (United Nations Educational Scientific and Cultural Organization).

Here is the Press Release that Rep. Kyle Biedermann released on September 14<sup>th</sup>.

.....

## **State Rep. Biedermann Hosts Press Conference Says ‘No’ To Long Term Lease With City of San Antonio for Alamo Property**

**September 14, 2018**

San Antonio, TX (09/14/18) — Representative Kyle Biedermann (R- Fredericksburg) stood in the shadow of The Alamo on Friday morning to urge officials to include Texas Legislature in the negotiations going forward on The Alamo Master Plan. **Watch Here**

The current Alamo Plan will move the Cenotaph into the ‘Free Speech Area’ where it cannot be protected and will be open to protest and disrespect. Even more startling, the Plan would include a long term lease agreement with the City of San Antonio giving the city the ‘ability to monitor

compliance' and the requirement in that lease that the GLO must prioritize 'the World Heritage Site nomination and designation' of United Nations Educational Scientific and Cultural Organization (UNESCO).

#### **State Representative Kyle**

**Biedermann** said, "I believe it is imperative for Commissioner Bush to include the Texas Legislature in the process going forward with respect to the Alamo Master Plan in order to ensure Texas sovereignty over the future of the Alamo. Much concern has been voiced by legislators about moving the Cenotaph and the long term lease agreement with the City of San Antonio giving them the 'ability to monitor compliance' and the requirement in that lease that the GLO

must prioritize 'the World Heritage Site nomination and designation' of UNESCO. As Texans, we should not allow an international body to impose on our most sacred of sites. Texas has a proud independent history and we must never allow international actors to revise or sanitize our history.

**Texas State Senator Donna Campbell** said. "Thousands of Texans have contacted my office expressing their feedback over the new Alamo Master Plan. Chief among these concerns is the overwhelming desire to see the Spirit of Sacrifice, also known as the Alamo Cenotaph, restored and preserved in its current location. The Alamo is one of our state's greatest treasures and to this day it still represents the origins of what it means to be a Texan. It belongs to all of us, and it unites all of us. In putting together the Alamo Master Plan, public input was sought and the majority of that input has asked for special consideration to be given to the Cenotaph and that it not be relocated."

**'El Conservador' conservative blogger and writer George Rodriguez** said. "I stand here supporting Rep. Biedermann because I feel he is the last 'wall' to save the Alamo property from a lease that may allow changes to the site and even history of the Alamo. We must understand that this is a shrine of Texas history and it should be treated with care and reverence. We cannot and must not rush into any agreements with anyone unless they are carefully studied and reviewed."

.....  
Adding her voice to the discussion, JoAnn Fleming, Grassroots America – We the People, sent out this email:

**“...The enemy has demanded a surrender at discretion, otherwise, the garrison are to be put to the sword, if the fort is taken - I have answered the demand with a cannon shot, & our flag still waves proudly from the walls - I shall never surrender or retreat. Then, I call on you in the name of Liberty, of patriotism & everything dear to the American character, to come to our aid, with all dispatch...”**

[Travis' 1836 Victory or Death Letter from the Alamo](#)

Texas Patriots,

Once again, the enemy is demanding surrender. **We will not.**

**The sell-out of our beloved Alamo to those who would strip it of its heroes and erase the brave call to arms by Travis is imminent.**

**We must do everything we can to stop the destruction of Texas history.** Grassroots America is looking at every possibility, including investigating standing for legal action.

Texas State Representative Kyle Biedermann has written a letter to General Land Commissioner George P. Bush. The letter begins: ***“We believe it imperative to delay your vote in order to ensure Texas sovereignty over the future of the Alamo.”***

Biedermann’s letter continues...”the current language of the Alamo Plan, if signed by you (as you publicly stated an eager willingness to do) would subject Texas to UNESCO’s interpretation of our history, by ensuring the final Alamo Project ‘not jeopardize the process and potential [World Heritage Site] designation’. While the City of San Antonio is eager to welcome a World Heritage Site designation, **we must not place our sacred Alamo and the Cenotaph on the chopping block of political correctness.”**

**We applaud Representative Biedermann** (HD 73 – Fredericksburg) for his efforts to rally fellow legislators to join him in asking Land Commissioner Bush to halt what will surely bring politically correct destruction to the Cradle of Texas Independence.

.....

Texans must awaken to what is happening right here in our state. The United Nations should not have any say over anything in Texas. This is our land, our state, and they are not welcomed here to change things. Voters need to be aware of what their elected officials are doing – be they Democrat or Republican.

For more information on this topic, Google the topic, email Representative Kyle Biedermann's office, or contact JoAnn Fleming's Grassroots America group. The time is running short and our voices need to be heard in force.

Until next time...
